## MEGAN FITZGERALD

### BIOGRAPHY

Megan Fitzgerald (she/her) is a mixed media artist who works to expand boundaries of the landscape genre. Her place-responsive practice explores the possibility of magic in the everyday. After receiving her BFA from OCAD University in 2016, Megan traveled extensively by foot; partaking in curatorial studies in Florence, artist residencies in Spain, long distance trails in the United Kingdom, and NGO projects in Vietnam. Megan holds an MFA from NSCAD University where she worked as a Research Assistant at the Drawing Lab and later, taught undergraduate courses in drawing and painting. She has exhibited her work internationally and is represented by galleries in Ontario, Quebec, and USA. Currently, Megan is living and working in Prince Edward County, Ontario— she can be found drawing trees, teaching arts workshops, and digging in her dye garden.
